

Welcome back...

It doesn't seem so long since we wrote our last article. We hope that you all had a good summer, although we can't say the weather was the best but we made the best out of the weather we were blessed with.

We celebrated the completion of the Church Hall by having a BBQ, which all our members turned up to and had a lovely evening in the sunshine but joined with a strong wind but that didn't dampen the atmosphere or the lovely food cooked by Elaine.

We were joined by parents and the sisters who came along to share in the celebrations and looked through the pictures of how it started and where it ended up.

J & Carl eying up the food!!!

We started back on 8 September and welcomed a couple of new members. We had a getting to know you as we have had a very long break and drew a spider with everything about us, like our favourite food, favourite song, colour, etc etc. Then we went and had a look around the Podcast studio and saw DJ J & DJ C in action recording some stuff down for the new September Podcast.

Unihoc

We ended the evening by doing some unihoc training with everyone and then having a friendly game at the end, with a demonstration by the adults of how the game is played and the determination that is needed.

If you want to become part of us and are in Full Time Education come along on a Tuesday night at 6pm with a parent or guardian. www.clcgbdormanstown.co.uk
